

# ABRAHAM'S PLACE

Equipping children who are brimming with potential to become leaders and godly influencers in their nation by training them to keep the way of the Lord, to serve, and to live with integrity.

These children will impact the nation of Niger with righteousness and justice.

Your donation of \$50 per month provides the following for one child. Currently, 34 children need sponsorship.

- ❖ School tuition
- ❖ Tutoring
- ❖ Nutritious Meals
- ❖ Health Care
- ❖ Loving Home Environment

There are currently 40 children living in Abraham's Place. They come from Christian homes in villages in the Maradi region of Niger where educational opportunities are limited. They are children with exceptional potential and begin to blossom when provided with opportunities to do so. Working in cooperation with their parents, the children live at Abraham's Place for the school year, returning home during break times.

Abraham's Place provides a family environment for the children and focuses on personal discipleship, education, life skills training and development of individual talent.

Rev. Koyejo and Lola Amori, directors, have founded Abraham's Place under the covering of Vie Abondante.

Gambo & Aisha and their children live at Abraham's Place, providing a family atmosphere for the children at their home away from home.

Adamou Souley, a university student, and Hadjira Yacouba, a high school student, also live with the children, providing tutoring and additional support wherever needed.

Abraham's Place is currently located in a rented facility but needs a permanent 'home'.

Land has been purchased and now the funds need to be raised to build Abraham's Place.

### Approximate Building Expenses:

Wall to secure property:	\$12,000
2 homes for girls (total 50):	\$18,000
